Research Associate Open Pool

Title: Research Associate

Employment Type: Administrative Professional

College: Natural Sciences

Department: Physics

Salary: Salary is commensurate with level of training and research experience.

Requirements: The Department of Physics seeks applications for 2012-2013 from individuals who are interested in obtaining temporary positions within the department. Department research programs include the areas of theoretical and experimental Condensed Matter Physics, Atomic and Molecular Optics, and High Energy and Astrophysics. Applicants must hold a bachelor’s degree in an appropriate discipline. Salary is commensurate with level of training and experience. A detailed description of the department and individual faculty are available on the department web page http://www.physics.colostate.edu

This pool is valid through January 31, 2013, at which time all applicants wishing to remain in the pool must reapply.

To Apply: Interested individuals should send a current resume, a statement of research experience and interest and names and addresses of three references directly to a specific faculty member in the department. Alternatively, the material can be submitted electronically either to a specific faculty member or to the department office at mailto:physics@lamar.colostate.edu

Colorado State University does not discriminate on the basis of race, age, color, religion, national origin or ancestry, sex, gender, disability, veteran status, genetic information, sexual orientation, or gender identity or expression. Colorado State University is an equal opportunity/equal access/affirmative action employer fully committed to achieving a diverse workforce and complies with all Federal and Colorado State laws, regulations, and executive orders regarding non-discrimination and affirmative action. The Office of Equal Opportunity is located in 101 Student Services.

Colorado State University is committed to providing a safe and productive learning and living community. To achieve that goal, we conduct background investigations for all final candidates being considered for employment. Background checks may include, but are not limited to, criminal history, national sex offender search and motor vehicle history.
