NOTICE of FILING of PERMANENT EMPLOYMENT CERTIFICATION

Instructions for federally-mandated internal posting:
Post this notice in a conspicuous location at the job site for 10 business days.

Department of Chemistry Instructor
Colorado State University
Fort Collins, Colorado

Position Summary
The Department of Chemistry seeks to hire a special appointment 9-month non-tenure track faculty member at the rank of Instructor who will contribute to the educational mission of the department. The ideal candidate will play a significant role toward the growth and improvement of the organic chemistry program, with interest and ability to contribute to upper-division undergraduate courses.

The Instructor’s primary functions include (a) providing quality instruction and substantially contributing to the ongoing improvement of the Organic Chemistry Program; (b) teaching in collaborative teams and (d) using innovative and evidence-based methods in courses. The Instructor will work closely with the Associate Chair for Undergraduate Programs, the Academic Support Coordinator, and will report to the Chemistry Department Chair.

Qualifications
Required:
• PhD or equivalent degree in chemistry, chemistry/science education or closely related field;
• Experience teaching chemistry or physical science courses at the college or university level;
• Ability to work as a member of a team;
• Effective written and oral communication skills.

Desired:
• Two or more years of experience teaching large college or university service courses beyond teaching assistantships;
• Experience teaching organic chemistry courses at the college or university level as the instructor of record;
• Direct participation in the development & implementation of paradigm-shifting methods in large chemistry lecture courses to improve student learning;
• Evidence of professional activities that demonstrate the desire to improve teaching skills and methods;
• Involvement with alternative chemistry classroom environments such as distance, flipped or hybrid chemistry classrooms;
• Experience and familiarity with a variety of modern learning technologies beyond PowerPoint;
• Demonstrated capability of developing, implementing and assessing new classroom and learning interventions;
• Experience teaching in a cooperative and team-based environment beyond teaching assistantships;
• Familiarity and experience with learning programs and/or classroom strategies for promoting student success;
• Direct involvement with chemical education or science education research;
• Experience with human subjects research;
• Interest in scholarship of teaching and learning;
• Reflecting departmental and institutional values, candidates are expected to have the ability to advance the Department's commitment to diversity and inclusion.

Salary: Competitive salary (9 mo, plus benefits)

Start Date: August 2016

Fundamental Functions
• Provide proactive support for student learning including active learning strategies.

Responsibilities
Teaching
• Teach up to four sections of large organic chemistry courses during each academic year;
• Teach in collaborative teams with other instructors;
• Introduce and maintain innovative and evidence-based methods and activities in organic chemistry courses and curriculum.

Colorado State University is committed to providing an environment that is free from discrimination and harassment based on race, age, creed, color, religion, national origin or ancestry, sex, gender, disability, veteran status, genetic information, sexual orientation, gender identity or expression, or pregnancy. Colorado State University is an equal opportunity/equal access/affirmative action employer fully committed to achieving a diverse workforce and complies with all Federal and Colorado State laws, regulations, and executive orders regarding non-discrimination and affirmative action. The Office of Equal Opportunity is located in 101 Student Services.

Colorado State University (CSU) strives to provide a safe study, work, and living environment for its faculty, staff, volunteers and students. To support this environment and comply with applicable laws and regulations, CSU conducts background checks. The type of background check conducted varies by position and can include, but is not limited to, criminal (felony and misdemeanor) history, sex offender registry, motor vehicle history, financial history, and/or education verification. Background checks will be conducted when required by law or contract and when, in the discretion of the university, it is reasonable and prudent to do so.

This notice is being posted as a result of the filing of an application for permanent alien labor certification for the job description above.
