College of Natural Sciences Ambassador Program
Requirements Summary

Overview:

The College of Natural Sciences Ambassador program (CNSA) was established in 2005 to create a community among students, faculty, and staff in the College. The program aims to provide a valuable experience for Ambassadors by giving them opportunities to network with faculty, other students, and the local community, as well as gain new skills in leadership, communication, planning, and outreach. In order to achieve the full potential of this program, Student Ambassadors are required to complete at least one academic year of service.

Qualifications:

- Be a full time College of Natural Sciences student – 12 credits/semester
- Have at least a 2.5 cumulative GPA
- Express enthusiasm for the College and University
- Demonstrate leadership ability or potential

Program Requirements:

- Volunteer at either fall or spring Commencement
- Volunteer at either the CNS Picnic, Ram Welcome, or Homecoming
- Assist at two other University Functions – socials, receptions, open houses, etc... each academic year
- Create and maintain a public profile for the website
- Create at least one posting for the CNS social media sites per semester
- Participate in the creation and planning of at least one CNSA event
- Attend bi-monthly meetings
- Accumulate at least 20 hours of involvement per semester
- Maintain a minimum of 2.5 semester and cumulative GPA
- Maintain good character and professionalism, have a ‘good standing’ rating with the University
- Articulate information with enthusiasm

If you would like more information on becoming an Ambassador, please fill out an application form or contact Kelly Kimple, 970-491-5506, kelly.kimple@colostate.edu.
