Additional Notes:

- Although there is not a specified grade required for courses in the major, it is important to be aware of prerequisite requirements. Grades of C are better are often necessary, and some courses require B or better in prerequisite coursework.
- A cumulative GPA of 2.0 or above is required to remain in good academic standing.
- Students pursuing the Data Science major with a CS concentration are not eligible for any minors offered by the Computer Science Department.
- MATH 160, 161, and 261 sequence will substitute for MATH 156+256 sequence.
- LIFE 210 is fall only, LIFE 201B is spring only.
- BMS 325 is fall only, BMS 345 is easier after taking BMS 325.
